

INTRODUCING MET

EUROPE 2022

Cenet & Dr. Peter Gordon have joined forces to introduce Magellan Exchange Travel (MET). MET has evolved from the combined expertise of the Magellan Exchange, a program with over 25 years of experience in international student exchange programs, and Dr. Peter Gordon, who has over 30 years of experience in arranging short-term international travel programs for groups.

The result is MET.

Unlike other commercial program organizers, MET is a non-profit, low overhead program, which offers affordable travel programs, mainly to Europe.

MET's pilot excursion will take place January 2022 and will cater to participants with some international travel experience. Thereafter, the program will be open to new and seasoned travelers.

If you are interested in joining the pilot program or future MET experiences, please contact Cenet to get on the MET waitlist!
